

Tenants' and Users' Liability Insurance Policy

Special event insurance for use of university and college facilities

END USER GUIDE

What Is TULIP?

The Tenants' and Users' Liability Insurance Policy (TULIP) provides low-cost special event insurance to third parties using college or university facilities. TULIP is event-specific and protects both the facility user/third party and the institution against claims by individuals who could be injured or experience damage to property as a result of participating in an event. Events may range from classroom seminars, receptions, or weddings to festivals and fairs, sporting events, or concerts.

What Is the Cost?

Prices vary due to three factors: risk level, how many days the event is, and how many people will attend. Additional lines of coverage may also be an added expense. The minimum price for a policy is \$125. Average policy costs are between \$150 and \$400 per event.

Types of Hazards & Activities Covered

Premiums are determined based on the event's hazard class. For a full list of covered activities, visit the URMIA TULIP website at <https://tulip.ajg.com>. Examples of events for each hazard class are:
